# Create better cities!

Save the Date!

Metropolitan Solutions, 31 May – 2 June 2016

**Metropolitan Solutions** is a single showcase that comprises international **conferences**, an **exhibition area** and a **matchmaking platform**. It's a powerful mix that enables decision makers from the public sector, industry, R&D and government to engage in quality dialogue on sustainable urban development. If smart, sustainable urban development is important to you, then it's definitely a show you are not going to want to miss! No other event can match it for its broad and interdisciplinary insights into current and emerging trends and technologies in innovative urban development. The exhibition is an integral part of the showcase – an absolute must for anyone wanting to learn about the latest technology solutions and services for tomorrow's cities. Metropolitan Solutions: your chance to find out what's happening around the world and be part of the discussion.

30 Conferences, 200 Exhibitors,  
5000 Visitors, 100 Countries

# Perfectly integrated line-up.

Metropolitan Solutions brings together people, ideas and solutions, and generates outstanding synergies. This event is the central meeting place for local government, administrators, research organizations and business enterprises. The unique line-up of exhibits, conferences and matchmaking opportunities promotes effective communication between smart city stakeholders.
